

A photograph of a rock climbing site. In the background, a large, layered rock face is visible under a cloudy sky. Two people are climbing on a large, flat rock slab in the middle ground. A thick metal chain runs vertically down the center of the image, from the top of the rock face to the bottom. The foreground shows more of the rock surface with some sparse vegetation.

SORTIDA A ROCA LLISA

Dia: 29 de maig

**Lloc: Camp d'esports/
Font de les Bagasses**

Hora: 9 h (esmorzats)

Material: Arnés, dissipador i casc

**Dificultat: Mitja-alta
Pujar per cadenes**

Temps aprox.: 3 h
